

STRONG POLISHED WHITE – PERLITE MINERALS

Specialist White

PRODUCT BENEFITS:

- Enamel strengthening
- Up to 4 shades whiter teeth in 3 weeks
- Dental grade polishing agents

Combining our advanced whitening formulation with Perlite, a naturally derived Mineral used by dentists, to clean and polish teeth, so now you can get that dentist-clean feeling and up to 4 shades whiter teeth in 3 weeks. Contains essential fluoride and plaque removers for stronger and healthier teeth with everyday brushing

USAGE INSTRUCTION:

Brush 2 times daily. Continue to use twice daily to protect whiteness. Do not swallow. Use in place of your regular toothpaste.

WARNINGS:

Not suitable for children under 7.
